Subject: Re: Area 40 Meeting to review Agency comments on the screening of Preliminary Remedial Areas and selection of Remedial Areas for non-VOCs

Hi Chris,

DTSC is hoping for a productive meeting on the 12th. Because the agencies (USEPA and DTSC) are still reviewing the technical information related to the RAs we don't anticipate having a final decision by this date and recommended alternative agenda topics this morning. Topics such as Sampling of Ambient Air and those related to additional/supporting information for RIS should be viable substitutes. The stakeholders can still make progress on these items and AR should anticipate and plan accordingly. Thank you.

-Pete

When: Wednesday, July 12, 2017 10:30 AM-11:30 AM.
Where: Aerojet Office, Pyrites Way

Hi Everyone - The purpose of this meeting is to obtain feedback from the Agencies on the screening of non-VOC Preliminary Remedial Areas identified in the Area 40 FS and the selection of final non-VOC Remedial Areas. The Preliminary Remedial Areas and Remedial Areas are shown on Figures 2-17 through 2-21 and the Preliminary Remedial Area screening evaluation is shown on Tables 2-5 through 2-7. These are attached below.

Please review this information and come to the meeting prepared to discuss the concerns you have, if any, with the screening evaluation and results.

The meeting is intended to be in-person; however, call in information is as follows:
